## Installing the software

**1**  Close all Software application before starting the installation.

**2**  Place the 'BattleShip' Game CD into the CD-ROM drive.

**3**  The Computer will automatically start the setup.
     NOTE : If the setup does not start automatically , double click on
         CD icon in My Computer. If your computer does not
         response, open your disk by right clicking on CD icon and
         select 'open'. Now double click on 'setup.exe' .

**4**  Follow the on-screen instruction to Install the game. Click on Accept.

**5**  Use Browse button to select the destination folder from the folders tree. It can be
     also entered manually. Click on Install to start the installation.

**6**  After the installation is completed open the destination folder and run 'BTLSHIP.exe'.
